

Conferences:

1. A.Jino Weison, (2017), “HFD: Web based solution for effective real time communication”, Science, technology, engineering and management, Jeppiar Engineering College
2. X.Jermiya, (2017), “Determination of Hygienity status of the district using data mining technique”, Recent Trends in Information, Communication and Computing Technologies, KSR Engineering College, Erode.
3. S.Bavithra, (2017), “A Scalable Autonomous digital library with social semantic focused crawling mechanism”, Emerging Trends in Computing and Informatics, Dr.Sivanthi Aditanar College of Engineering, Tiruchendur.
4. J.Akshaya, (2017), “Two level QR code for sale transmission of message”, Computational and Internetworking information Technology, Anna University Regional Campus, Tirunelveli.
5. S.Sobana, (2017), “User Preference Profiling through Wifi Logs”, Recent Trends in information, Communication and Computing Technologies, KSR Engineering College, Erode.
6. S.Panimalar, (2017), “A Robust Approach for Automatically Mining Query Facets”, Recent Trends in information, Communication and Computing Technologies, KSR Engineering College, Erode.
7. R.Nellaiyappan Sankar, (2017), “Action Recognition using facial Expression video,” Science, technology, engineering and management, Jeppiar Engineering College

8. D.Bala Naveena, (2017), Promote Telemedicine database management System
Science, technology, engineering and management, Jeppiar Engineering College.
9. S.Pon Lakshmi, (2017), “Selecting Multi skill worker based on spatial data
sourcing, Science, technology”, engineering and management, Jeppiar
Engineering College
10. S.Silviya, (2016), “Key Management in Dynamic Wireless sensor Networks”,
Communication, Information and Control System, VV College of Engineering,
Tisayanvilai.
11. S.Marsophin, (2016), “Efficient high resolution Multi depth-Map using
Raytracing, Communication”, Information and Control System, VV College of
Engineering, Tisayanvilai.
12. T.Steffina, (2015), “Location based CBCF method for efficient personalization of
online content”, Computing terminologies and Research development, SCAD
College of Engineering and technology, Tirunelveli.
13. D.Divya, (2015), “Trust and interest based file diffusion in disconnected magnet”,
Trends in Engineering and Technology, Science and Management, Tamizhan
College of Engineering and Technology.
14. S.Delfin Ruby, (2015), “A conditional random field based classification for skin
lesions in dermoscopic images”, Trends in Engineering and Technology, Science
and Management, Tamizhan College of Engineering and Technology.
15. M.Baby Jasmine, (2015), “Distributed the data over multiple server using load
balancing in cloud”, Trends in Engineering and Technology, Science and
Management, Tamizhan College of Engineering and Technology.

16. M.Monica, (2015), “Mining Text data using side information by considering metadata”, Computing terminologies and Research development, SCAD College of Engineering and technology, Tirunelveli.
17. S.Sindhuja, (2015), “Web usage and DOM Gnoticism using webpage recommendation, Computing terminologies and Research development”, SCAD College of Engineering and technology, Tirunelveli.
18. J.Jonsta Grashia, (2015), “The outlier detection of moving object from the Dynamic backgrounf for surveillance Application”, Contemporary Engineering and Technology, Sri Kamarajar Engineering College, Chennai.
19. Devi Mareeswari, (2014), “Secure of Medical records in cloud using cryptographic technique”, Explorations and innovations in Advanced Computing, National Engineering College, Kovilpatti.
20. G.Sona, (2014), “Inscribing in to an control attempt against Jammer attack using FB decoding Mechanism”, Advancements in Automation and Control, Syed Ammal Engineering College, Ramanathapuram.
21. N.Anandha Raj, (2014), “Tampering and copy, move forgery detection using slet feature”, Global Innovations in Computer Technology, Jay shriram Group of institutions, Tirupur.
22. B.Yamini, (2014), “Detecting DDOs attacks by circular protection network”, Computer science and Intelligent System, Annapoorna Engineering College.
23. K.P.Ramya, (2014), “Sensor Data hiding based on Image Watermarking using Interpolation Technique over Inter-packet delays”, Advancements in Automation and Control, Syed Ammal Engineering College, Ramanathapuram.

24. P.Bala Kumari, (2014), “Filtering dirty words in online social network by applying Automated Filtering System”, Advancements in Automation and Control, Syed Ammal Engineering College, Ramanathapuram.
25. A.Muthulakshmi, (2014), “Oustering phrase patterns using Fuzzy relational clustering Algorithm, Intelligent Engineering System”, EASA College of Engineering and Technology, Coimbatore.
26. A.Shenbaga Bharatha Priya, (2013), “A survey on load balancing in cloud computing, Modeling and Simulation of Engineering System”, EASA College of Engineering and Technology, Coimbatore.
